b. I have talked with Mr. [REDACTED] of the CI Staff regarding the possibility of a survey in the DDP on counterintelligence training requirements. I referred to the [REDACTED] Staff's survey for liaison operations training purposes. Mr. [REDACTED] agrees that such a survey would be useful. His personnel situation is so tight, however, that his office cannot undertake a survey now. Following my talk with the DDTR on 17 September, I suggested to Mr. [REDACTED] that perhaps the DDP/TRO might be willing and able to assist. Mr. [REDACTED] would to postpone any further action until certain decisions have been reached in the CI Staff regarding advanced counterintelligence training. The possibility of such has long been a gleam in our eye and the CI Staff's. If this approaches reality in the immediate future, a CI training survey in the DDP would necessarily be affected. Further action on this matter will therefore be postponed, but I have asked the DDP/TRO, per Mr. [REDACTED] request, to send copies of the liaison training survey to the CI Staff for Mr. [REDACTED]'s information.
